# An apple a day...

...keeps you refreshed throughout the day, says Aditya Copalan, Guest Relations Officer, Inko Centre

"I just love the taste of apple," says Aditya Copalan. His favourite mocktail is easy to guess. Bright it's Adam's Apple. "It's creamy and it's yum!" he says, salivating at the very thought of it. "When you feel exhausted after a hectic day, Adam's Apple is exactly what you need," he adds, saying that it provides the right flavour for your taste and mood. "I make sure I have it whenever I can," he says. Now, here's a mocktail that sets every adam's apple on a roll, giving stiff competition to all gorgeous girls!
